

Social Story information sheet

Social Stories are an effective way to support children in learning social skills, such as identifying social cues, routines, emotional regulation, understanding new situations, or events, and much more. If there is something your child is struggling with, provide us with the details, and we can customize a story to suite your unique situation.

Complete this fillable form, providing details we can include in your child's story:

Child (main character)'s first name
or nickname and age:

Caregiver/parent (s) first names/nicknames:

Sibling (s) first names/nicknames and ages:

Pets - names/details and anecdotes (ex - dexter - long haired cat that acts like a dog):

Detailed description of the issue your child is struggling with:

Social Story information sheet

Social Story details, continued:

Brief description of your child's personality - a few details we can include in the story:

Your child's favorite foods - along with a few of their least favorites:

Your child's favorite activities, toys, TV shows, characters AND colours:

Anything else?

Click [HERE](#) and send us some pictures we can include to support your child's skill building - such as: (this part is **TOTALLY** based on your comfort level):

Individual pictures of:

- parents
- caregivers
- siblings
- a family picture
- home space (e.g. child's potty in bathroom if book about potty training).

Specific to your child:

- favorite toy
- favorite activity

Child's emotional faces:

- happy face
- sad face
- mad face
